

STOP AQUATIC HITCHHIKERS!

CLEAN

Clean plants, animals and mud from all equipment.

DRAIN

Drain water from all equipment before leaving. Do not dump bait or plants into the lake.

DRY

Dry your boat, trailer and all equipment completely.

Non-native plants and animals are invading our lakes and streams. These aquatic hitchhikers:

- Ruin boat engines and jam equipment;
- Harm game fish and native species;
- Raise operating costs of water & power plants.

FOOD STORAGE REQUIRED

Visitors in developed sites must store food, garbage and other odorous items that may attract bears in a bear-resistant container, inside their vehicle, or in an enclosed hard-body trailer. All food leftovers and trash must be properly disposed of in a bear-resistant trash receptacle or other container where provided by the Forest Service.
